

Sarah F. Weller
Vice President – Client Services
Fashionware Technologies Corp.

Sarah F. Weller is the Vice President of Client Services at Fashionware Technologies Corp., the leading developer of product lifecycle management software for the fashion industry. Fashionware Technologies Corp.'s breakthrough product is Fashionshare[®], a scalable web-based solution that allows merchandisers, designers, sourcing managers, vendors, suppliers and retailers to collaborate on fashion product development and manufacturing to deliver quality products on time and within budget, efficiently and cost effectively. Ms. Weller is responsible for providing clients' services and support.

Prior to joining Fashionware in October 2008, Ms. Weller was a Business Analyst in the International Trade Services Group of CGI Technology Solutions since 2004. Among her responsibilities were collaborating with the Product Manager to design new Supply Chain Finance (SCF) products which allowed her clients to perform all SCF processing on CGI's software.

Prior to CGI, Ms. Weller was a Graphic Designer at WC3 Media, LLC.; an E-Business Analyst at the Pennsylvania Technical Assistance Program; an Application Developer at Thacher Proffitt & Wood; Assistant Web Master at Workman Publishing and a Web Marketing and Consulting Intern at Ashworth Marketing.

Ms. Weller is a graduate of Pennsylvania State University where she earned a BA in Information Sciences and Technology.
